MINERAL WATER DONAT MG DRINKING CURE

Magnesium makes Donat Mg one of the richest waters in the world. Its extremely high magnesium content and other essential minerals give this water such healing power that it has been used for centuries to alleviate numerous health problems. It is also effective for diseases of the heart and veins, is recommended for diabetics and anyone that has cholesterol problems, and is appropriate for those suffering from osteoporosis.

Our magnesium drinking cure with Donat Mg mineral water is effective in curing a range of illnesses such as **diseases of the heart and veins, liver, gall bladder, pancreas,** nervous system and stomach. It has a positive effect on glucose levels and high blood pressure.

The drinking cure with Donat Mg mineral water in combination with selected therapies is indispensable in treating **constipation, obesity, excess stomach acid and heartburn.** Because drinking Donat Mg has an obvious effect on the metabolism in stressful situations that create mental or physical strain and increase the need for magnesium, our magnesium program is also an exceptional anti-stress program.
